

Containers
Speciality Paperboard Containers Limited

**Speciality Paperboard Containers is awarded the Queen's Award for Enterprise:
International Trade 2011**

SP Containers wins the Award for International Trade for the first time for its outstanding achievement in growing overseas sales by 261% over the last 3 years.

SP Containers has had a strategy of producing high quality paperboard containers for ice cream and food sectors. This has been combined with excellent service, looking after small local farmers to multi-national companies. SP Containers has not let geographical barriers prevent sales, but has embraced this and developed these markets, exporting to Europe and Scandinavian countries.

SP Containers was formed in July 2006 in a small factory in Rotherham, and was awarded best 'New Start Business' by Rotherham Chamber of Commerce in 2009 and was regional winner for 'Achievement in International Business' by the British Chamber in 2009. In September 2010 SP Containers moved to a new factory, remaining in Rotherham and continues to grow and expand. Being awarded the Queen's Award for Enterprise for International Trade is one of the proudest moments in SP Containers short history.

This achievement could not have been made without the dedication of all its employees.
